Writing Company: Chubb Indemnity Insurance Company

Dear 333 Hegenberger Road, Suite 504 :

We are pleased to announce that Chubb Indemnity Insurance Company has EFT (electronic funds transfer) capability so we are contacting you regarding your client's ongoing workers compensation benefit payments.

- EFT is now Chubb's primary method for paying workers compensation benefits
- If your client is interested, Chubb Indemnity Insurance Company needs their personal email address and phone number.
- Chubb Indemnity Insurance Company will then send your client an email with a link to set up their EFT account by providing their banking information
- Please provide your client with their claim number outlined above as this will be needed to establish an EFT account
- EFT is not the same as direct deposit: Chubb Indemnity Insurance Company will process benefit payments by EFT in advance to ensure money is deposited per the schedule outlined in your clients benefit notice
- Chubb Indemnity Insurance Company will not have access to your client's banking information
- Banking information will not be documented in our claim file
- As of now, EFT communications are available in English only

Chubb Indemnity Insurance Company would also prefer to send you and your client all future correspondence/benefit notices via email to void the delays of the postal service.

Please provide your response to the below, and return to the Claims Examiner, Mario Castro at Mario.Castro@Chubb.com
